

IL CANNETO

Sangiovese Maremma Toscana DOC

MANTELLASSI
VITICOLTORI DAL 1960

Made from different clones of Sangiovese. The hot arid climate of the Grosseto area, with few precipitations, acts as a limiting factor on production: a benefit for Sangiovese grapes.

Region: Tuscany, Italy

Grapes: 100% Sangiovese

Vinification: Traditional red wine vinification

Aging: In stainless steel tanks, followed by a few months of bottle aging

Tasting notes: Bold and well-balanced between softness and acidity. Tones of red fruits such as cherry and strawberry, then vanilla and chocolate

Pairing: Bistecca alla fiorentina, roast or braised veal with mushrooms
