JSI2020 L.A.S VINO CBDBThe Chenin Blanc Dynamic Blanc (CBDB)

Dynamic: *Adjective*. 1. (of process or system) characterized by constant change, activity or progress.
2. (of a person) positive in attitude and full of energy and new ideas.

Noun 1. A force that stimulates change or progress within a system or process.
2. (Agriculture) Biodynamic

A certified organic and biodynamic site at the northern end of the cape. For the previous few years the vineyard has been completely unkept and unpruned with no trellising. The vines sprawl everywhere where pigs, geese, guinea fowl and cows roam free. The site faces north with a little creek running through the middle of the vineyard. Native flowers and plants grow under the rows with no herbicides or pesticides sprayed and no cultivation. It is one of only a few certified biodynamic vineyards in the region and was one of the first to receive Demeter certification.

The vineyard is dynamic in every sense; biodynamic, characterized by constant change, full of attitude, energy and new ideas and may be a force that stimulates greater change within viticulture. It shouldn't work, it goes against nearly everything you are taught in viticulture and yet it does work and it's incredibly exciting making wine from this unique little parcel of land.

Winemaking Notes:

The fruit was hand picked and showed varied levels of ripeness through the vineyard and crop, chilled overnight and hand sorted prior to being lightly cold pressed as whole bunches, very gently over a few hours. The juice was left to naturally settle prior to a wild fermentation in french barriques and clay amphora. No malolactic fermentation and fortnightly lees stirring prior to being bottled with no fining and a light filtration.

Tastes like: pink grapefruit, passionfruit, passiona, pavlova and lime.
