

# LINDES DE REMELLURI

## Viñedos de San Vicente

### 2019

REMELLURI

Wine made with the grapes of the family's traditional suppliers in San Vicente. This is a selection of 38 vineyard plots occupying a total of 15,38 Ha, worked by 14 winegrowers and expressing a variety of soils, winds and orientations ranging from the gritty terrains of the quaternary period alongside the Ebro at 425 metres asl, to the poorer, more rocky soils, constituted by sandstone and loam of tertiary origin rising to as high as 695 metres.

Village	San Vicente de la Sonsierra. La Rioja.
Place	San Pablo, Gallocanta, Mindiarte, La Nava, Sta. Tornea, La Liende, Montecillo, Los Corrales, Cascajo, San Esteban, Terreros and Arceriano.
Surface	15.38 Ha, 38 plots.
Age of vineyards	35/90 years.
Varieties	94% Tempranillo, 4% Garnacha, 1% others.
Yield	35.2 Hl/Ha
Harvest	Hand harvested in cases.
Fermentation	Inox tanks, native yeasts.
Ageing	14 months in different barrel volumes.
Bottling	April 26 to 30, 2021.
Production	62.700 bottles an 498 Magnums.

#### Tasting notes:

San Vicente always offers a marked, defined character typical of the villages of the Sonsierra region. In this more abundant vintage, the wine exhibits a great fruit expression, medium body and fine tannins. As always, an elegant, charming and persistent wine.

#### Vintage 2019:

The vegetative cycle was marked globally by a spring frost that affected in greater proportion to the high areas, however these vineyards are at a lower altitude so the damages were minor. The drop in yield due to frost favored an early harvest and forced to develop a staggered work looking for the optimal degree of maturation depending on the situation of each vineyard. Finally, a healthy fruit of good concentration, good aromas and polyphenolic balance was harvested.

#### Ageing Potential:

We offer this wine bottle aged and suitable for immediate consumption. Given the quality of the vineyards and the vintage, it will still evolve nicely during the years to come.
